We know the HW100 series Pre-Charged air rifle is amongst the best in the world and we know you will agree with us once you have tried it.

The rifle has a standard specification that is packed with features that set it apart from all other guns in its class Fast-fire side lever action with 14-shot rotary magazine two supplied. Unique single pellet loading mechanism. Match trigger two-stage, with manual safety operational only when action is cocked. Rifle and Karbine specifications are offered as follows Rifle and Karbine length fully floating barrels, screw cut and fitted with the HW High Efficiency silencer. Detachable stainless steel air reservoir with integral pressure gauge and radial quick fill valve assembly in Rifle and Karbine length. Beautifully crafted walnut stocks, with rubber recoil pad, Thumbhole or Sporter styles in Rifle and Karbine length. Charging adaptor to DIN 200232 bars. Exhaust tool for air reservoir.
