- Invector-Plus choke tubes for consistent patterns with lethal efficiency
- Back-bored technology creates optimum shot patterns
- Truglo Long Bead fiber-optic sight
- Synthetic stock with textured gripping surfaces

Take to the field with these 12-ga. Winchester SXP Waterfowl Hunter Pump-Action Shotguns. Ideal for waterfowl hunting, the synthetic stock boasts a textured gripping surface to provide a sure hold. The Truglo Long Bead fiber-optic sight offers a precise sight for enhanced accuracy. The nonglare Mossy Oak Shadow Grass Blades finish will keep you concealed behind a pattern of shadowed grass blades until the time is just right. Inflex Technology recoil pad directs felt recoil away from your cheek for reduced flinch and fatigue. Crossbolt safety is easy to operate, even while wearing gloves, and the Invector-Plus choke tubes provide consistent patterns with lethal efficiency. The .742 back-bored technology creates optimum shot patterns that are dense and even. Hard chrome chamber and bore are highly resistant to wear and corrosion. Three-shot adapter with speed plug system is easily removed without tools. A drop-out trigger group allows for simple cleaning. Includes full, improved cylinder and modified chokes.
