Euroarms Bresica Sheriff Model (Colt M1851 Navy) 6 Shot Revolver With Octagonal Barrel, Brass & Colour Case Hardened Frame. D 1547 - D 1547

This Firearm is deactivated to one of the pre- 2nd May 2017, UK specifications. As such it can only be sold and exported in its present state to customers in NON- EU countries including the Isle of Man and Channel Islands. Customers based in the UK & other EU countries can purchase on our lay-away scheme. The weapon will then be brought up to the EU specification and the relevant certificate obtained prior to the transfer of ownership and delivery. The Colt M1851 Navy cap & ball revolver was a six-shot, single-action percussion weapon produced by Colt's Manufacturing Company. It saw widespread use in the American Civil War and on the American Western frontier. The Colt design lives on today in the form of quality live firing pistols true to the original Colt pistols, from Italian manufacturers Uberti, Pietta and Euroarms. This firearms grade Euroarms manufactured example of the Colt Navy revolver, retailed as the 'Sherrif Model' is in excellent condition. The pistol has a 5" octagonal blued steel barrel and measures 11" overall. The left side of the barrel is stamped '36 Cal Sheriff Mod'. The right ' Black Powder Only made In Italy' and the top barrel flat 'Euroarms Bresica'. It has a brass frame, a fluted blued cylinder, colour case hardened action & hammer. It has an undamaged wood grip. The butt is fitted with lanyard ring. Deactivated to UK specification in 2003 the pistol cocks and dry fires crisply. The price includes deactivation certificate & UK delivery. D 1547 £475.00
