- Air Arms
- Pre-Charge Pneumatic
- .177 (Pellet)
- S200 Sported MK3

Description

Perfect if you are just starting down the Pre-Charge Pneumatic route this is designed for people that don't want to be carrying a heavy rifle around all day. For the price this rifle has to be the best value PCP on the market at the moment. This is a pre-charged bolt action single shot air rifle with a 2 stage adjustable trigger, an automatic safety, a quick release valve for easy filling, a beech stock, it fires at a power of 11.5 Ft/Lbs and should fire 50-60 shots per charge.

We would recommend using a 3-9x40 zoom scope with this rifle.

This is the Non FAC rifle.

Please note the scope is not included.

Don't forget to order your .177 pellets with this product. Other Accessories are available in the accessories section.
