1945- 1958, Webley Mark 1, .22 Calibre Air Pistol. AI 589

The Webley mark 1 Air Pistol was produced between 1935 and 1964 with refinements being made to the model throughout the production period. This is a nice Post WW2 Webley Mark I Air Pistol. The pistol is stamped on the end of the cylinder with batch number "14". It has the correct Post WW2 milled barrel section to assist grip for cocking and grips with Webley roundels. It has "Oil" with a curved arrow on the left side of the cylinder together with " The Webley Mark 1 Made in England". On the left side just below the fore sight it is stamped with ".22 MK1". The cylinder is stamped on the right side "Webley & Scott Ltd Birmingham 4" (Birmingham 4 was the Webley Pre 1958 address). It is also stamped "Webley Patents". It retains much of it's original blue finish (see pages 67-73 of Webley Air Pistols by Gordon Bruce). The pistol cocks and fires with a strong spring action. The price includes UK delivery. NB As a post 1939 Air Weapon the restrictions of the Crime Reduction Bill apply to the sale & delivery of this item. AI 589
