C1884 Japanese Ornately Hand Carved Bamboo Sword Stick With Sterling Silver Hallmarked Handle & Spike Blade. ED 2098 - ED 2098

This is an excellent original Japanese sword stick. It has a straight square blade which is 23 ¼" in length and tapers to a sharp point. The sword stick measures 37" overall length in its scabbard. The sword stick's scabbard is expertly hand crafted thick bamboo ornately carved with geometric design and images of Japanese Samurai warriors amongst a foliate back drop. The sword stick has a stylised rams head form handle and has British sterling silver hallmarks for '1884'. The scabbard has a silver throat mount & metal and brass conical end cap. An interesting piece worthy of further research.
