~ M41 Tropical Enlisted Mans Luftwaffe Cap ~

Here we have the tropical cap of an enlisted man in the Luftwaffe, this pattern was accepted earlier in World War Two and entered production in 1941.

This is a sand coloured field cap with the Nazi Luftwaffe eagle over swastika and the Roundel on the front. The cap comes to a peak at the front and slopes back, there are two eyelets on either side of the hat for ventilation.

The cap does not appear to have a makers mark.

The fabric has some marks and the stitching is in good condition.

~ Dimensions ~

The cap is 12 inches from back to peak.

The cap is 125 g.

~ Condition ~

There is some discolouration to the fabric on the peak of the cap but otherwise the cap is in a good condition for its age.

~ Postage ~

UK postage is £12 or it can be collected from our shop.
